

How to access Google Classroom and other Google Apps

Google Classroom vs. Google Meet

Google Classroom is where all of your independent work will be located! You will also have Announcements, Other Activities, and Directions for your work on Google Classroom

Google Meet is where you will be on a live video chat with your teacher and a few classmates! You will only be getting on Google Meet according to your schedule!

Please Remember!

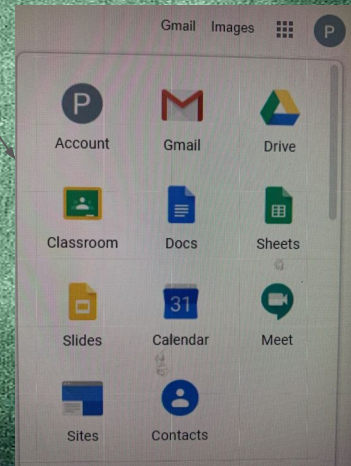

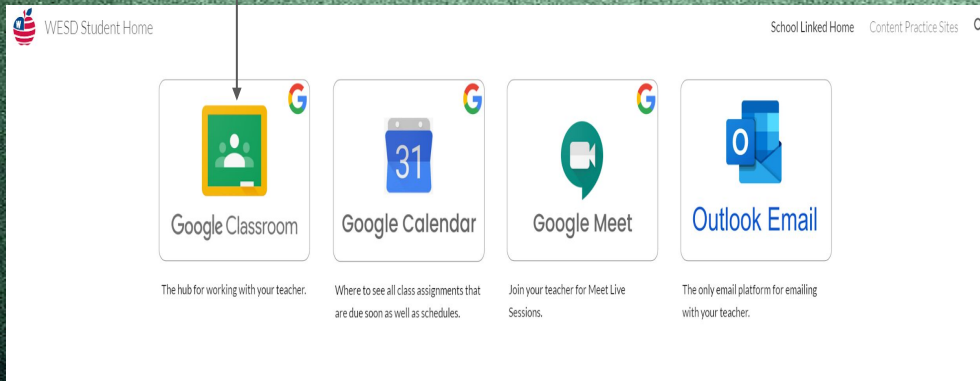

It is very important that students are logged in with their WESD account! IF the student is logged in with a personal email they will NOT be able to have access to Google Classroom, Google Calendar, and Google Meet!

*If you need to see steps on how to log in with a personal computer you can find that in another slideshow!

Getting into our Google Classroom!

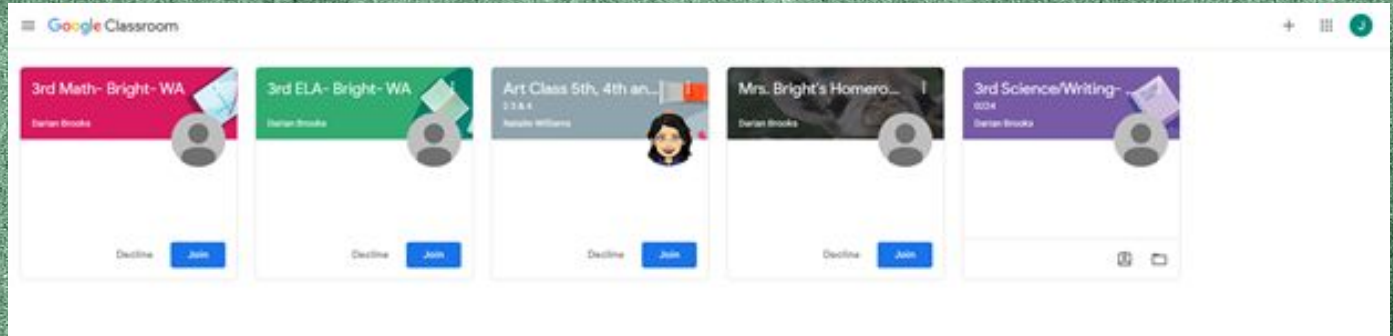

If you received a Chromebook from the school when your child logs in they will be taken to this hub page! This will allow them quick access to all of the required websites by clicking on the link

If you are using a personal computer once you are logged in with your child's WESD account you will click on the "Waffle" in the top right hand corner!

Google Classroom!!

Once you have clicked on the Google Classroom icon (either from a Chromebook or the Waffle) you will be taken to a site that looks similar to this: Your child has been invited to join a Google Classroom for a few different classes! Please accept the invitation by clicking JOIN to be able to have access to the classroom!

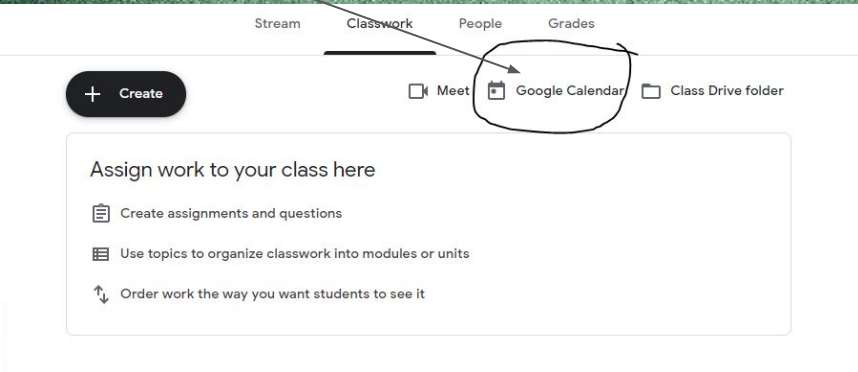

Google Classroom

Once you have accepted the classroom you will now be able to see any assignments, announcements, or fun activities that will be posted in the classroom!

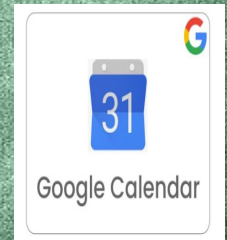

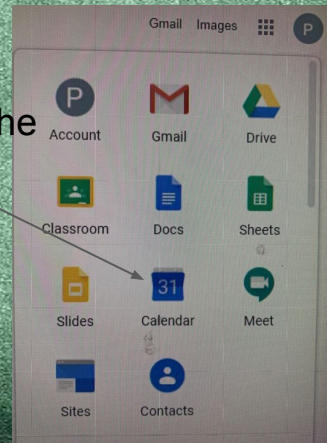

In Google Classroom you will also have access to your Google Calendar! By clicking on Classwork and then the Google Calendar Tab!

**Google Calendar has your personal schedule in it for easy viewing! This can also be found in the student HUB and Waffle

From Google Classroom

From the Waffle

From the student Hub

Google Calendar

Once you have clicked on the calendar you will be taken to your students personal schedule with the times they will be online!

MON	TUE
